

## Note from the CEO

### Exciting Developments for Spring

Spring is in the air, and here at Pink Lemonade Project we have many exciting developments underway!

We are very proud to be releasing our first, official annual report! We are growing, and we want to highlight and share our impact numbers and our financials with our many stakeholders. We are grateful to all the participants who found community with Pink Lemonade Project's programs and events, and to all our donors who make it possible for us to serve our mission.

On the support group front, we listened to our community and helped launch two new groups that fill gaps in the area. First is a new peer support group called Limencello for patients and survivors of all ages. The second is an all-Latina support group for Spanish speaking patients, developed in partnership with NW Family Services; a PLP board member who works for Oregon Child Development Coalition; and a local, bi-cultural licensed clinical social worker.

We then have other 2022 event dates to share with you starting with, none other than, Pink Glow 2022, THE party with a purpose. Mark your calendar for Friday, May 6th at ilani. See below for the details of many upcoming events and programs.

Hope to see you at one or more soon!

With gratitude,

Susan Stearns, Chief Executive Officer
